# Entry Process Subcommittee – Detailed Recommendation Priorities
## October 9, 2001

The Entry Process Subcommittee's detailed recommendations are grouped into 5 categories.  Group 1 has the highest priority; Group 5 has the lowest priority.

## Group 1

| Number | Subject |
|---|---|
| ENT-001 | Cargo release with minimal data. |
| ENT-002 | Advance submission of non-variable data |
| ENT-011 | Separate release process from the payment process |
| ENT-019 | Trade records as "release control" function |

## Group 2

| Number | Subject |
|---|---|
| ENT-003 | Implement IASS |
| ENT-004 | Three tracks for completing accounting and statistical requirements/Census fatal errors |
| ENT-005 | When IASS is used, extend only those lines with insufficient data; not the entire IASS |
| ENT-006 | IASS structure flexibility |
| ENT-016 | National IASS with port identifiers |
| ENT-017 | Multiple IASSs for a month |
| ENT-018 | Monthly statement includes all transactions |
| ENT-021 | Need for aggregate and entry by entry filing |
| ENT-022 | Informal/formal entry processing should be the same |

## Group 3

| Number | Subject |
|---|---|
| ENT-014 | Multiple refunds |
| ENT-015 | "Audit trail" of corrections is required |

## Group 4

| Number | Subject |
|---|---|
| ENT-007 | 21-month filing period when reconciliation is based on the importer's fiscal year |
| ENT-008 | Expansion of data elements that can be revised |
| ENT-009 | Retain aggregate reconciliation |
| ENT-010 | Allow prospective and retrospective designation of elements for reconciliation |
| ENT-012 | Trade notification to Customs of completed reconciliation |
| ENT-013 | Multiple corrections to an original entry |

## Group 5

| Number | Subject |
|---|---|
| ENT-020 | Trade access to Customs data |
